

COMMUNITY LEADERSHIP

Specialization: Leadership

Who leads the
change that will
shape the future?

**WE'RE
THE
ONES.**

**WHO LEADS MAJOR DECISION MAKING IN OUR COMMUNITIES
AND DAILY LIVES, WHETHER IT'S A GLOBAL OR A LOCAL
COMMUNITY, OR NATIONAL OR STATE LEGISLATION?**

We're critical thinkers with big hearts. We're leaders who create positive change by strengthening individuals, families, communities and organizations.

If you have an interest in working with people and gaining satisfaction from seeing the results of your work firsthand, this is the major for you. Career opportunities in leadership development often involve recruiting and training volunteers, which can be both satisfying and rewarding. To prepare, you will complete coursework in personal development, leadership, teamwork, ethics, diversity and communication. You will develop the skills needed to work effectively in communities of all sizes and in for-profit and nonprofit organizations.
